

# W5 Morphology resource

## Key skills and knowledge:

- the structure of language, from morphemes [KK 7]
- metalanguage to discuss aspects of the nature and functions of human language [KK 9]
- define key linguistic concepts as they relate to the nature and functions of language [KS 1]

## Learning intention:

To understand what morphology is and the parts of this subsystem.

## Success criteria:

I can...

- Develop a resource that can be used to teach this to younger students
- Use some examples
- Define key terms

## Task: [15 min and PREP]

Your task is to develop a resource that you could use to teach this subsystem to younger students. (there is a year 10 class we can experiment on!!!)

**DO** use visuals and examples

**DO** use clear language to create definitions

**DON'T** copy from the textbook or online dictionary

**You need to try to cover as many of the key terms listed below as possible:**

- What is a morpheme? (bound, free, content and function)
- What is a root?
- What is an affix? (pre, suf, in, inflectional and derivational)
- What is compounding?
